

Schnaithmann

Partner of the best 

System Solutions for Assembly and Automation

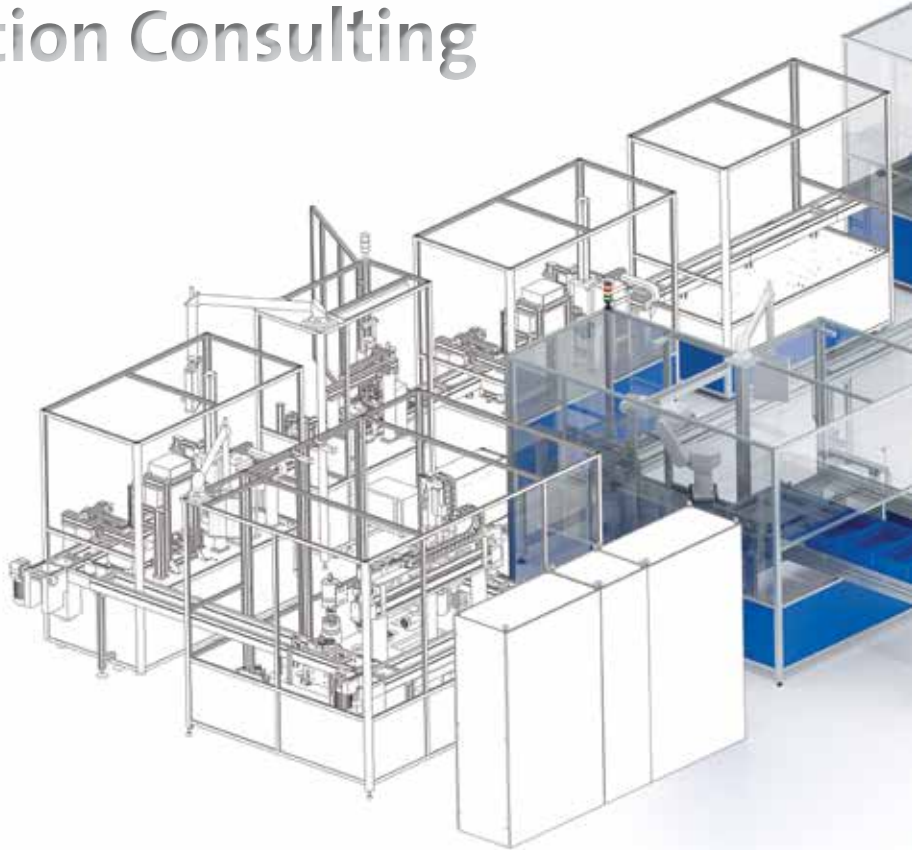

Simply clever and cleverly simple.

Schnaithmann – partner of the best:
a single provider offering comprehensive
assembly & automation system services

Application Consulting

Planning

Design

Documentation

Partner of the best – our assurance of quality: thanks to our standing as one of the leading manufacturers of assembly & automation systems, many renowned and successful companies place their trust in us and our services. It takes a company with a detailed knowledge of system operations to grasp the daily challenges and provide solutions that offer long-term competitive advantages. **We use our know-how in a focused manner to transform your requirements into efficient solutions.**

Logistics

Maintenance

Global Service

Commissioning

Own Production

Hardware and Software

Our competence increases your productivity. Take advantage of our experience and our service versatility, ranging from the planning stage to system commissioning and beyond. Our system solutions combine standard modular components for the creation of flexible profile transfer systems with cutting-edge robotics, pneumatics and sensor technology. **You can rest assured that we will provide all of the services directly and in the proven Schnaithmann quality.**

A strong and flexible team ready to handle your automation assignments

Our specialists will be happy to offer you advice and support. Thanks to the extensive competence and experience of our employees, we are able to develop custom solutions that meet your exact needs. Solutions that boost your performance levels, lower your costs, and thereby offer you a real competitive advantage.

The services we provide you are focused on the essentials: quality, cost effectiveness and a reliable adherence to delivery schedules. Our internal communication structures ensure rapid responses to your demands – no less so during the realization process. **Go ahead and send us an inquiry. We look forward to joining you for a meeting of experts.**

YOUR ADVANTAGES:

- ▶ KNOW-HOW GAINED SINCE 1985
- ▶ CUSTOMER & QUALITY ORIENTATION
- ▶ RELIABILITY
- ▶ COMPETENCE BASED ON PROJECTS REALIZED THROUGHOUT THE WORLD

PROJECT PLANNING AND ANALYSIS

An experienced team of specialists is at your side to provide the solutions you need.

Schnaithmann

Partner of the best ↗

Efficiency Plus:

COMMITMENT TO QUALITY

Our high quality systems are defined by the high quality of their individual parts. The result is durability, resistance to wear and tear and a long service life.

Efficiency Plus:

ENGINEERING COMPETENCE

The experience we have gained from more than 1,000 successfully completed projects flows into every new Schnaithmann project. This engineering competence pays off for you.

Efficiency Plus:

CUSTOM SOLUTIONS

Our specialists find the ideal solutions, tailor made to meet your automation requirements.

Efficiency Plus:

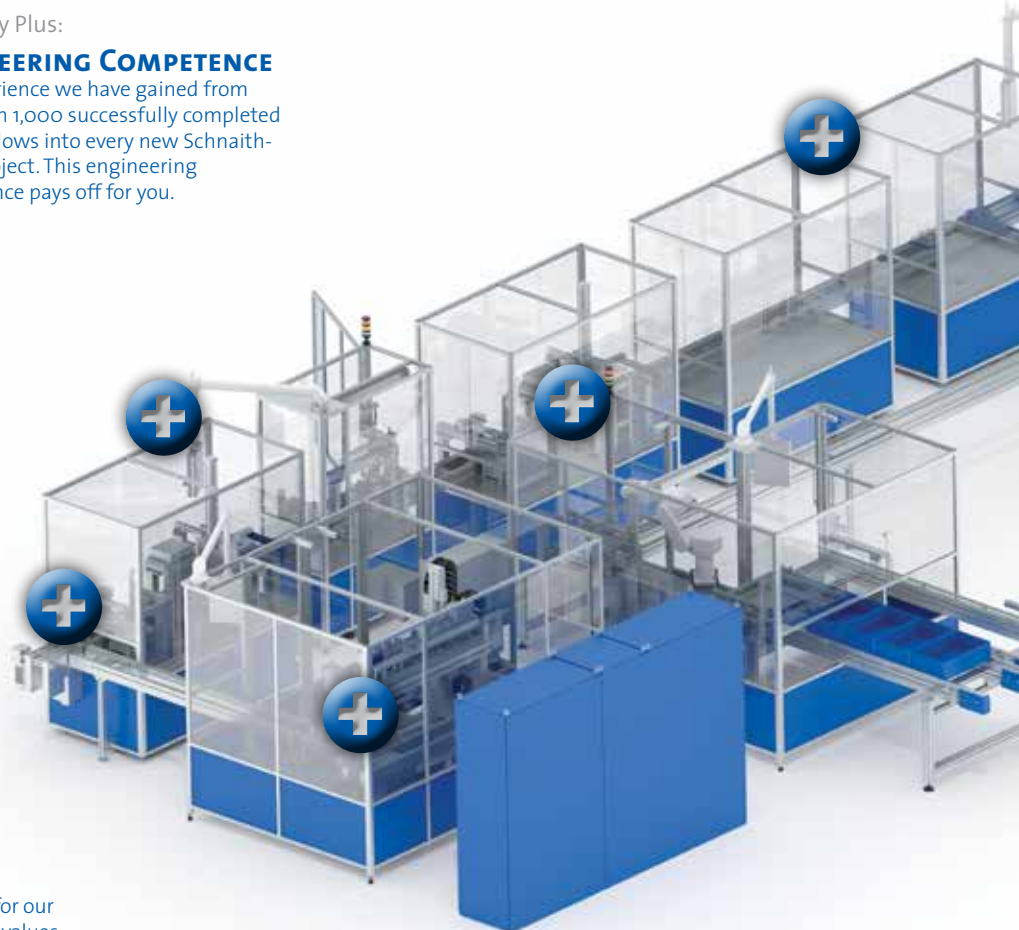

PARTNERSHIP

We have been a valued partner for our customers for many years: basic values such as a commitment to expertise, honesty and trust form the basis of solid and lasting relationships.

Efficiency Plus:

MODULAR COMPONENTS

Not based on complex cell constructions, our modular automation solutions can be easily expanded to keep pace with your production demands.

PLANNING AND DESIGN

Optimized processes arise from the combination of engineering competence and sound and timely planning.

Efficiency Plus:

GLOBAL SERVICE

As a globally active partner, we support you around the world. No matter where your journey takes you, we'll be at your side.

Efficiency Plus:

FULL-SERVICE AUTOMATION

From individual components to materials handling engineering and complete systems, you receive all services from a single competent provider.

Efficiency Plus:

SWIFT DELIVERY

Our extensive inventory of individual components and replacement parts ensures basic availability and short delivery times.

24h

Efficiency Plus:

SOFTWARE PROGRAMMING

Innovation does not simply appear out of the blue. It comes from competent employees, like our software programmers.

Efficiency Plus:

AT THE SOURCE OF INNOVATION

Thanks to our close contacts to research institutions, we are able to keep abreast of the latest developments. This knowledge flows into all of our system solutions.

Our symbol means your advantage: the Schnaithmann Efficiency Plus symbol stands for the advantages our products and services offer you.

Assembly Lines

REALIZATION AND COMMISSIONING

By professionals for professionals: our systems give you optimal efficiency and enhanced cost-effectiveness.

Workstations

System Solutions

SUPPORT

The fast track to the solution: we are there for you. We would also be happy to provide our custom maintenance and support services.
