

# Schnaitthmann – Partner of the Best

As one of the leading suppliers of high quality automation systems, we are committed to providing quick responses to the needs of our customers. Our primary aim is to work together with our customers in an atmosphere of mutual trust to develop the best possible solutions. Basic values such as honesty, trust and a commitment maintaining a high level of expertise form the basis of solid and lasting partnerships.

WORKING TOGETHER  
WITH COMPETENT  
PARTNERS FROM VARIOUS  
AREAS OF INDUSTRY AND  
RESEARCH ALLOWS US TO  
CONTINUOUSLY OPTIMIZE  
OUR PRODUCTS.

KARL SCHNAITTHMANN

Partner of the best

## Regional Commitment

Successful companies from around the world value our individual products, our perfectly harmonized systems and our service performance.

Our facility in the beautiful Rems Valley is one of our key success factors. That is why we as a medium-sized and socially responsible enterprise will continue to invest in the region that has provided a basis for our success.

» AS AN EXPANDING ENTERPRISE, WE HAVE REMAINED COMMITTED TO THE REGION OF REMSHALDEN SINCE OUR FOUNDING IN 1985. «

KARL SCHNAITHMANN

Enjoy the advantages of Schnaithmann's efficiency plus services.

# Full-Service Automation

Simply clever and cleverly simple.

## The Human Success Factor

High performance is based on teamwork: Our employees are dedicated to ensuring the quality of our services and the ultimate success of our enterprise. Innovative products and continuous system development establish a basis for successful projects. This capacity for innovation is an integral part of our enterprise culture. It is what our engineers and specialists strive for day in and day out.

» WHEN IT COMES TO HIGH QUALITY PRODUCT AND SYSTEM SOLUTIONS, WE CAN RELY ON THE ENGINEERING SKILLS AND THE EXTRAORDINARY COMMITMENT OF OUR EMPLOYEES.

KARL SCHNAITHMANN

## ■ Modular Transfer Systems

We offer the right transfer system for every requirement. Our stable, reliable, flexibly deployable and maintenance-friendly systems can be easily integrated into any logistical and production concept. This helps to guarantee a higher level of planning security. The special quality of the individual components also translates into economic advantages.

- ▶ DOUBLE-TRACK CONVEYORS
- ▶ CHAIN CONVEYORS
- ▶ FRICTION ROLLER CONVEYORS
- ▶ BELT CONVEYORS

## ■ System Solutions for Assembly and Automation

Our system solutions for assembly and automation include customized machines for handling all of your special automation tasks. This may be a matter of individual robot cells or complete production lines. Our support extends from the planning stage to on-site system commissioning and beyond.

- ▶ PRODUCTION LINES
- ▶ ASSEMBLY SYSTEMS
- ▶ ASSEMBLY STATIONS
- ▶ ROBOT CELLS

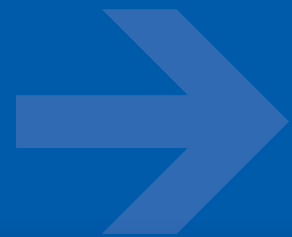

## Modular Transfer Systems

## Material Flow and Handling

## Flexible Profile Systems

## ■ System Solutions for Material Flow and Handling

Our many years of experience give you the following advantages: excellent planning, harmoniously integrated processes, efficient workpiece loading and unloading, as well as optimized material flow, robot and handling technology.

At Schnaithmann, customized solutions are standard solutions.

- ▶ MATERIAL FLOW ENGINEERING
- ▶ HANDLING SYSTEMS
- ▶ WORKPIECE LOADING AND UNLOADING
- ▶ PROCESS INTEGRATION

## Flexible Profile Systems

We offer you a comprehensive solution for all tasks related to the efficient flow of material at your production facilities, warehouses and offices. The spectrum ranges from individual components to material supply systems and customized multi-functional workstations.

- ▶ ALUMINUM PROFILES AND ACCESSORIES
- ▶ KANBAN SYSTEMS
- ▶ WORKSTATIONS
- ▶ SAFETY EQUIPMENT
